

Iceoplex 2009 Summer Camp News

26 June 2009

Greetings from Iceoplex Summer Activities Camp!

Space Week at the Iceoplex Summer Activities Camp was far out!

We built awesome space rockets! We made amazing glow-in-the-dark t-shirts, groovy Lava Lamps, and made Invisible Pictures become visible. Our snacks this week were out of this world!

We had our second soccer lesson this week with our Soccer Pro - Sebastian Martinez. He really makes working on soccer skills tons of fun!

Science Class was cosmically cool! We talked about our solar system, learning about the different planets and their relationship to each other in size and distance. We "acted out" the distance relationship between planets, and boy were we surprised how far away they are!

Please remember to check our lost & found at the minimum every Friday. We will bring the basket out to the Front Desk to help us all remember.

Invoices (paid and unpaid) are available for you. Please ask at the Front Desk if they are not offered to you.

Please remember that we need:

1. old CD's and DVD's
2. empty, rinsed 2 Liter and 20 oz. soda/water bottles
3. empty egg cartons
4. empty, rinsed bleach bottles
5. empty toilet paper and paper towel rolls

A few things to remember:

1. Please remember to send extra clothes in anticipation of water play or messy stuff.
2. We would also ask to always send warm clothes for skating, (and don't forget those helmets) and remember our building is kept on the cool side in order to keep our ice surface happy.
3. Please apply sunscreen prior to coming to camp, and send extra if you think your child may need it if we are outside for an extended period.
4. If you are sending extra money for your children to spend in the snack machines or pop machines, please allow us to hold it for them with their name on it. Otherwise it can get lost or misplaced.
5. Children that bring cell phones or electronics with them will be asked to leave them in the Summer Camp Area. We do not wish to be responsible for any damage or loss that may occur due to activities, especially any activities that involve water play.

Thank you for choosing Iceoplex Summer Activities Camp!
